Dare to Believe

It is beyond the capacity of the human mind to understand how big, how vast, how glorious, how grand, and how beautiful God is. And yet from His grandeur, magnificence, and size, God comes to touch the heart of any person who turns to Him in faith.

And with all of His splendor and grandeur, God is also a God of details. Scripture tells us He knows the number of hairs on our heads. He cares for the lilies of the field and for every sparrow, yet He cares for us much more than that. God is interested in the details of your life. He knows exactly where you are at this moment and He knows every problem you face. He knows your frustrations. He knows when you are hoping against hope.

Dare to believe that God does love you. Believe it against all odds. Dream against all dreams that God does care about you and has a plan for your life and wants you to succeed. Look to God when the reports are bad, when there appears to be no hope. And as you hope against hope, God will hear your prayers.
